Career Objective

Motivated and detail-oriented BCA graduate with a strong foundation in Java development, specializing in Spring Boot and full-stack web technologies. Passionate about building scalable backend systems and real-world applications. Seeking an entry-level Java Developer role to contribute technical skills and grow in a collaborative development environment.

Technical Skills

Backend: Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate
Frontend: HTML5, CSS3, Bootstrap, Thymeleaf
Database: MySQL, Oracle
Other Tools: Git & GitHub, Visual Studio, Apache NetBeans, MS Access
Programming Languages: Java, C++, Python, Visual Basics
Soft Skills: Problem Solving, Communication, Adaptability

Projects

◆ ReciGo – Fee Receipt Generator

- Tech Stack: Java, Apache NetBeans, MySQL
 - Java-based desktop application to automate fee receipt generation for universities.
 - Features data transfer between frames and automatic PDF generation.
 - Improved administrative efficiency and user experience.

◆ Spark Dog – Virtual Pet App

- Tech Stack: Java, MySQL
 - Interactive Java application simulating a virtual pet experience.
 - Implements user interaction with fun and engaging activities.

◆ Random Font Styler

- Tech Stack: Visual Basics, MS Access
 - A design utility that combines and randomizes fonts for unique typography.
 - Useful for graphic and UI designers seeking creative outputs.

Internship Experience

Oracle Internship (40 Days)

- - Worked on Oracle Database and .NET framework.
- Gained practical exposure to database design, querying, and enterprise software structure.

Education

Bachelor of Computer Applications (BCA), Teerthankar Mahaveer University, Moradabad (2022–2025)

Senior Secondary (Class 12th), Shri Guru Nanak Sr. Sec. School, Kashipur – CBSE Board (2021–2022)

Certifications

- Oracle: A Practical Introduction for Querying Databases – TMU
- Brain Manthan – Designing Competition Winner – TMU
